Keep Phoenix Beautiful is gearing up for the fall planting season. We're looking for sponsors to help with achieving our community vision and we want **YOU!**

Often finances are a barrier to participation, so we are looking for local businesses that would be interested in sponsoring one or more garden beds at the KPB community gardens. We are asking for a \$100 donation for each sponsored garden bed. In return you will receive a tax donation certificate and we will also provide your preferred signage on each sponsored bed for a year. Those funds will go towards water, seeds, and soil for our gardeners.

If you are interested in becoming a sponsor fill out the form below. Mail or deliver the form to one of our garden locations or email the form to our garden team.
